CRITICAL CONDITION: HOW HEALTH CARE IN AMERICA BECAME BIG BUSINESS--AND BAD MEDICINE

Random House USA Inc. Paperback / softback. Book Condition: new. BRAND NEW, Critical Condition: How Health Care in America Became Big Business--And Bad Medicine, Donald L Barlett, James B Steele, Exposing the most controversial, little-known practices of America's most flawed system, "Time" magazine's Pulitzer Prize-winning investigative team pulls back the curtain on the health care industry to explain exactly how things grew so out of control. Dirty examination and operating rooms in doctor's offices and hospitals . . . Health care executives pulling in millions in bonuses for denying treatment to the sick . . . More than 100 million people with inadequate or no medical coverage . . . This may sound like the predicament of a third-world nation, but this is America's health care reality today. In Critical Condition, award-winning investigative journalists Donald L. Barlett and James B. Steele expose the horror of what health care in America has become. They profile patients and doctors trapped by the system and offer startling personal stories that illuminate what's gone wrong. Doctors tell of being second-guessed and undermined by health care insurers; nurses recount chilling tales of hospital meltdowns; patients explain how they've been victimized by a system that is meant to care for them. Drug companies profit by selling pills in the same manner that Madison Avenue sells soap, while Wall Street rakes in billions by building up and then...
